🐦 So_nu2027

B.Tech graduate in Computer Science & Engineering (2025) with hands-on experience in developing full-stack web applications using the MERN stack. Skilled in building responsive, scalable, and user-centric solutions. Completed multiple real-world projects and a full-stack internship, demonstrating strong frontend and backend development capabilities. Eager to contribute as a Full Stack Developer in a dynamic tech-driven environment.

WORK EXPERIENCE

Codetikki, Remote   (Feb 2025 - Apr 2025)
Full stack web developer intern

Worked on the company's official website codetikki.in, where I contributed to improving overall responsiveness and user experience. Developed and integrated RESTful APIs, and implemented MongoDB aggregation pipelines to handle complex data queries. Collaborated closely with frontend and backend modules to ensure seamless performance and code optimization.

React.js, Redux-toolkit, Node.js, Express.js, TailwindCSS, MongoDB, MySQL

EDUCATION

Narula Institute of Technology   August 2021 - May 2025)
B.tech, Computer Science and Business System   CGPA : 7.8

Data Structure and Algorithm, Software Engineering, Object Oriented Programming, Database Management System, Computer Network, C/C++

Alipore Takshal Vidyapith   (July 2019 - June 2021)
10+2   Percentage : 73
Physics, Chemistry, Mathematics, Biology

10   (January 2018 - May 2019)
Alipore Takshal Vidyapith

ACADEMIC PROJECTS

Engineering resource management system   (2025)
Built a full-stack app to manage engineer assignments, track team capacity, and match skills to project needs. Included role-based login (Manager/Engineer), dashboards, and visual workload indicators.
