My name is Sonu Mondal, a final year B.Tech student in Computer Science and Engineering at Narula Institute of Technology. Proficient in the MERN stack, specializing in building scalable, responsive, and user-friendly web applications. I am actively seeking roles as a **Software Developer, Full Stack Web Developer, Frontend Developer, or Backend Developer** to leverage my skills and passion for web development in a professional setting.

EDUCATION

Narula Institute of Technology (August 2021 - Present)
B.tech, Computer Science and Business System
CGPA : 7.7

C/C++, Data Structure and Algorithm, Software Engineering, Object Oriented Programming, Operating System, Database Management System, Computer Network

Alipore Takshal Vidyapith (July 2019 - June 2021)
10+2
Percentage : 73

Physics, Chemistry, Mathematics, Biology

Alipore Takshal Vidyapith (January 2018 - May 2019)
10

Mathematics, Science, English, Biology

ACADEMIC PROJECTS

Rapid Quizzer (2025)

- Built a real-time multiplayer quiz platform where players compete by answering timed questions, with scores based on accuracy and speed.
- Developed a result system to display scores and declare the winner, rewarding the most accurate and fastest player.

🔗 https://github.com/sonu2027/Rapid-Quizzer

React.js, Node.js, MongoDB, Express.js, Tailwind CSS

Photo gallery - Store photos on cloud (2024)

- Developed a responsive and user-friendly photo gallery application for storing, managing, and accessing images online.
- Features include secure authentication, OTP-based password recovery, profile customization, and CRUD operations for image management.
